

# What is Medical Physics?

Friday, November 1, 2013  
OPS 140  
4:00 pm - 5:00 pm

Dr. Matt Daniels,  
Sun Nuclear Corporation

## Abstract:

Ever wonder what a physicist does outside of academia? Want to learn how physics and technology can be applied to helping others in the real-world? Join our speaker Matt Daniels, this Friday as he answers these questions and more during his talk, **What is Medical Physics?**
